A total of **6,614** services valued at **\$469,995** were provided to kids with the greatest financial need.

Ronald McDonald House Care Mobile Team

A Ronald McDonald House Care Mobile team member shared this story with us:

“We saw an 8-year-old for a dental exam. I noticed that **one of her teeth was badly broken and another was fractured**. When we finished, and I handed her the mirror, she lifted her numbed lip and shouted,

“It’s fixed! How?”

She kept wanting to look in the mirror at her new smile and told us she couldn’t wait to show everyone in her class. She was all smiles.”
